[APPLY NOW](#)

# The EME Integration Level 1 Certification Program is a 16-week transformational journey to become a Certified EME Integration Level 1.

This is an in-depth journey into aligning your mind, heart, and core through love and science so you can have all the skills and the steps you need to create instant, deep, and lasting transformation for yourself and for those you help.

Mandy truly believes that change has to start from YOU. The coaching industry today is filled with courses that produce overnight coaches. Unfortunately, these coaches fail to produce any results for their clients because they haven't done the work themselves.

The key to becoming a confident & capable life-coach is embodying the work yourself. That's what The EME Integration Level 1 Certification Program helps you do.

The first 9 weeks of the program are removing any emotional or mental blocks that have been standing in the way of achieving your deepest purpose. Once you've achieved these transformations in yourself, the program shows you the methodology to bring about these life-changing transformations in your clients as well.

## Meet Your Instructor: Mandy Morris

Mandy has been studying the science of mindset, abundance, and love for over 10 years.

And after years spent researching psychosomatic disease and developing innovative techniques for rewiring neurotransmitters in the brain to achieve true and lasting change, she decided to leave the scientific community behind and began to teach this information to anybody and everybody that was ready to hear it.

Since then, she's helped tens of thousands of people find true authenticity within themselves, manifest their deepest desires, and create deep & lasting transformation.

Now, she hopes to help you do the same.

AS SEEN ON

# How The EME Integration Level 1 Methodology Was Born...

When Mandy was younger, she was immediately recognized for her intelligence.

At elementary school, she was often placed with children with special needs because she was the only one who could calm them down. She was studied by doctors earlier on for her unique abilities to calm people down and help them feel grounded.

Unfortunately, due to traumatic events during her childhood, Mandy dimmed her light and didn't make use of her emotional intelligence for the greater good.

Over a decade later, she was pulled back into her purpose work when she started seeing "transformation" in the lives of the people she encountered due to her work.

In fact, she was able to create mindset shifts in 1-2 hours that people couldn't achieve even after 5-10+ years of therapy.

Mandy credits the success of her methodology to the unique combination of love and neuroscience.

This one-of-a-kind approach to healing has the ability to dramatically shift and rewire the neurotransmitters in a person's brain, so they can achieve true and lasting transformation in as little as one hour.

Now, you can learn the same methodology in The EME Integration Level 1 Certification Program to create instant and lasting transformations in yourself, those you love and for your coaching clients.

When I first heard of Mandy's coaching program, I was intrigued because I've witnessed the amazing leaps and bounds that myself and others have made after going through her 30 day program. I wasn't sure where the coaching program would fit into my life, but I was sure of one thing - I had nothing to lose but my own self-doubt!

I was so happy to be accepted, and I have learned so many incredible tools to help myself and others in such a short period of time!

If you're someone who feels empathy for others and wants to help them rise above their struggles, but you don't know how or where to begin, you are in the right place! At the very least, the program will positively shift you personally, as well as your loved ones. You can make as much of it as your heart tells you! You can enrich your existing business or create a new revenue stream.

I underwent surgery at the beginning of the coaching program and felt I had to get to a better place personally before I continued, and I discovered that coaching others proved to be the best medicine ever! I have raised my own vibration immensely because coaching others is so rewarding. I am so blessed to be a part of this program and to get to know the wonderful pure-hearted souls in this community. Everything you do creates a ripple effect and you can touch so many lives with the knowledge you will gain. ❤️"
